Nick Romero

Student Software Development

MY STORY

I am a Software Development student with a focus on creating websites and applications. I am also an entrepreneur and deal with Ecommerce and marketing

WORK EXPERIENCE

iGarden
SALE OF LOG CABINS

- I often had to adjust the prices
- A lot of practical work, where I learned a lot of useful things

Stage BC Fotografie B.V. / BC Photography
PHOTOGRAPHY BUSINESS

- Helped with the preparation of products.
- Had to edit some of the photo's
- Had to shoot some photo's

EDUCATIONS

Audio Visual Technology
SINTLUCAS VIDEOGRAPHY (AT)

I've always wanted to do this at SintLucas but after the 1th year I switched to Software Development. It wasn't really my thing and I didn't see a future in this

Software Development
SINTLUCAS SOFTWARE DEVELOPMENT (SD)

I find this much more interesting and I also think that I can achieve a lot with this in the future. I also think it would be very interesting to start my own business in this area.

Software Development
STAGE - BOOQI & ADPAGE

I did an internship with the company Booqi and Adpage. I had to make different assignments for both companies. These were mainly Front end / design related assignments.

SKILLS

- I'm always motivated
- I'm good at working together
- I can master new things quick
- I'm good at handling stress
